1. Introduction

1.1. Definitions

Surveillance: the act of watching a person or a place

CCTV: closed circuit television; video cameras used for surveillance

Covert surveillance: operation of cameras in a place where people have not been made aware they are under surveillance

1.2. Legislation

The Good Shepherd Trust central office in Larch Building has in place a CCTV surveillance system ‘the CCTV system’ across its premises. This policy details the purpose, use and management of the CCTV system in the building and details the procedures to be followed in order to ensure that the trust central office complies with relevant legislation and the current Information Commissioner’s Office (ICO) Code of Practice.

The trust central office will conform to the requirements of the [Data Protection Act 2018 \(DPA 2018\)](#), the General Data Protection Regulation (GDPR) and any subsequent data protection legislation, and to the [Freedom of Information Act 2000](#), the [Protection of Freedoms Act 2012](#) and the [Human Rights Act 1998](#).

Although not a relevant authority, the Good Shepherd Trust central office will also have due regard to the Surveillance Camera Code of Practice, issued under the [Protection of Freedoms Act 2012](#) and in particular the 12 guiding principles contained therein.

This policy is based upon guidance issued by the Information Commissioner's Office, 'In the picture: A data protection code of practice for surveillance cameras and personal information' ('the Information Commissioner's Guidance').

<https://ico.org.uk/for-organisations/uk-gdpr-guidance-and-resources/cctv-and-video-surveillance/guidance-on-video-surveillance-including-cctv/>

1.3. **Statement of intent**

The purpose of the CCTV system is to:

- Make members of the central office and any visitors feel safe
- Protect members of the central office and visitors from harm to themselves or to their property
- Deter criminality in the Larch Building
- Protect the Larch Building assets and buildings
- Assist police to deter and detect crime
- Determine the cause of accidents
- Assist in the effective resolution of any disputes which may arise in the course of disciplinary and grievance proceedings.
- To assist in the defense of any litigation proceedings

The CCTV system will not be used to:

- Encroach on an individual's right to privacy
- Monitor people in spaces where they have a heightened expectation of privacy (including toilets and changing rooms)
- Follow particular individuals, unless there is an ongoing emergency incident occurring
- Pursue any other purposes than the ones stated above

The list of uses of CCTV is not exhaustive, and other purposes may be or become relevant.

The CCTV system is registered with the Information Commissioner under the terms of the Data Protection Act 2018. The system complies with the requirements of the Data Protection Act 2018 and UK GDPR.

Footage or any information gleaned through the CCTV system will never be used for commercial purposes.

In the unlikely event that the police request that CCTV footage be released to the media, the request will only be complied with when written authority has been provided by the police, and only to assist in the investigation of a specific crime.

The footage generated by the system should be of good enough quality to be of use to the police or the court in identifying suspects.

2. **CCTV Systems Overview**

The CCTV system is owned by the Good Shepherd Trust central office and managed by them and its appointed agents. The data controller for CCTV images held by the Good Shepherd Trust central office is the Good

Shepherd Trust (GST). GST is registered with the Information Commissioner's Office (ICO). The registration number is ZA261347.

The Trust's Data Protection Officer is responsible for ensuring that GST complies with the Data Protection Law. The Data Protection Officer can be contacted on admin@goodshepherdtrust.org.uk or 01483 910210.

CCTV operates to meet the requirements of the Data Protection Act 2018 and the Information Commissioner's Guidance.

The Good Shepherd Trust central office will designate a system manager to be responsible for the overall management and operation of the CCTV system, including activities relating to installations, recording, reviewing, monitoring, and ensuring compliance with this policy.

The system manager is responsible for ensuring that adequate signage is erected in compliance with the ICO CCTV Code of Practice.

The CCTV system is operational and capable of being monitored 24 hours a day, every day of the year.

Any CCTV installation shall be subject to a Data Protection Impact Assessment. It will also comply with the policy and procedures within the document. The Data Protection Impact Assessment shall be appended to this policy and shared with the GST Data Protection Officer.

3. Purposes of the CCTV system

The principal purposes of the Larch Building CCTV system are as follows:

- For the prevention, reduction, detection and investigation of crime and other incidents.
- To ensure the safety of staff, visitors and members of the public.

The CCTV system will be used to observe the Larch Building externally and areas under surveillance to identify incidents requiring a response. Any response should be proportionate to the incident being witnessed.

The Good Shepherd Trust central office seeks to operate its CCTV system in a manner that is consistent with respect for the individual's privacy.

4. Monitoring and Recording

Cameras will be monitored within the Larch Building in a secure area.

Images are recorded and are viewable in the secure setting within the Larch Building. They can also be viewed on request by all CCTV trained central team staff. Additional staff may be authorised by the CFOO to monitor cameras on a view only basis to support trained staff e.g. in identifying individuals. Any viewings will be made by 2 people at all times.

A log shall be kept of requests to access recorded images by staff and whether any recorded images have been copied to support specific investigations. Information logged should include Name of staff, time and date of viewing, time and date images reviewed, brief reason for viewing the content (e.g. incident in corridor) but should not contain names, whether any images have been copied and where they have been copied to.

The cameras installed shall provide images that are of suitable quality for the specified purposes for which they are installed, and all cameras are checked regularly to ensure that the images remain fit for purpose and that the date and time stamp recorded on the images is accurate.

All images recorded by the CCTV system remain the property and copyright of GST. The recorded images may be saved to a network user area or to secure cloud storage. Downloaded footage used in investigations is securely stored on a server, in accordance with the process outlined in the retention of images section.

If CCTV is used to monitor classrooms, it will not be used to carry out lesson observations.

5. Compliance with Data Protection Legislation

The Good Shepherd Trust central office will comply with the General Data Protection Regulation (GDPR). Due regard will be given to the data protection principles contained within Article 5 of the GDPR which provide that personal data shall be:

- processed lawfully, fairly and in a transparent manner.
- collected for specified, explicit and legitimate purposes and not further processed in a manner that is incompatible with those purposes.
- adequate, relevant, and limited to what is necessary in relation to the purposes for which they are processed.
- accurate and, where necessary, kept up to date.
- kept in a form which permits identification of the data subjects for no longer than is necessary for the purposes for which the personal data are processed; and
- processed in a manner that ensures appropriate security of the personal data, including protection against unauthorized or unlawful processing and against accidental loss, destruction, or damage, using appropriate technical or organisational measures.

All storage used for images, recorded or downloaded for investigations, must be in compliance with GDPR rules, on secure storage on premises or on cloud storage.

The existence of the Good Shepherd Trust central office CCTV system must be recorded in the Record of Data Processing Activities.

6. Location of the cameras

Cameras are located in places that require monitoring in order to achieve the aims of the CCTV system (stated in section 1.1).

Cameras are located outside of the Larch Building only:

2 on the wall with the front door facing the entrance area

2 on the wall by the main car park facing out to the car park

2 on the wall by the side car park, 1 facing the car park the other facing the main gate

2 on the wall at the back facing the grass area & bottom of fire exit

Cameras are not sited to focus on private residential areas. Where cameras overlook residential areas, privacy screening or software masking will be utilised.

Wherever cameras are installed appropriate signage is in place to warn members of the Good Shepherd Trust central office and any visitors that they are under surveillance. The signage:

- Is placed at all pedestrian and vehicular entrances to inform staff, visitors, and members of the public that CCTV is in operation.

- It indicates that the system is managed by the Good Shepherd Trust and a 24-hour contact number for the Security Control Centre is provided, if appropriate.
- Identifies the Good Shepherd Trust central office as the operator of the CCTV system.
- Identifies the Good Shepherd Trust central office as the data controller.
- Provides contact details for the Good Shepherd Trust central office.

Cameras are positioned in order to maximise coverage, but there is no guarantee that all incidents will be captured on camera.

7. **Roles and responsibilities**

The Head of Estates will:

- Take responsibility for all day-to-day leadership and management of the CCTV system
- Liaise with the Data Protection Officer (DPO) to ensure that the use of the CCTV system is in accordance with the stated aims and that its use is needed and justified
- Ensure that the guidance set out in this policy is followed by all staff
- Ensure all persons with authorisation to access the CCTV system and footage have received proper training from the DPO in the use of the system and in data protection
- Sign off on any expansion or upgrading to the CCTV system, after having taken advice from the DPO and taken into account the result of a data protection impact assessment
- Decide, in consultation with the DPO, whether to comply with disclosure of footage requests from third parties

The GST Data Protection Officer (DPO) will:

- Support persons with authorisation to access the CCTV system and footage in the use of the system and in data protection
- Train all staff to recognise a subject access request
- Support with subject access requests in line with the Freedom of Information Act (2000)
- Monitor compliance with UK data protection law
- Advise on and assist the Good Shepherd Trust central office with carrying out data protection impact assessments
- Act as a point of contact for communications from the Information Commissioner's Office
- Assist with data protection impact assessments
- Ensure data is handled in accordance with data protection legislation
- Ensure footage is obtained in a legal, fair and transparent manner
- Ensure footage is destroyed when it falls out of the retention period
- Ensure that the CCTV system is not infringing on any individual's reasonable right to privacy in public spaces

- Carry out annual checks to determine whether footage is being stored accurately, and being deleted after the retention period

The Good Shepherd Trust central office designated System Manager is the Head of Estates who will:

- Be responsible for the overall management and operation of the CCTV system, including activities relating to installations, recording, reviewing, monitoring and ensuring compliance with this policy.
- Ensure clearly visible signs are placed at all pedestrian and vehicular entrances to inform staff, pupils, parents, visitors and members of the public that CCTV is in operation.
- The System Manager is responsible for ensuring that adequate signage is erected in compliance with the ICO CCTV Code of Practice.
- Keep accurate records of all data processing activities and make the records public on request
Inform subjects of how footage of them will be used by the Good Shepherd Trust central office, what their rights are, and how the Good Shepherd Trust central office will endeavour to protect their personal information
- Take care of the day-to-day maintenance and operation of the CCTV system
- Oversee the security of the CCTV system and footage
- Check the system for faults and security flaws termly
- Ensure the data and time stamps are accurate termly
- Ensure that the CCTV systems are working properly and that the footage they produce is of high quality so that individuals pictured in the footage can be identified
- Receive and consider requests for third-party access to CCTV footage

8. Operation of the CCTV system

The CCTV system will be operational 24 hours a day, 365 days a year.

The system is registered with the Information Commissioner's Office.

The system will not record audio. Delete this line if yours does records audio

Recordings will have date and time stamps. This will be checked by the system manager termly and when the clocks change.

9. Applications for disclosure of images

9.1. Applications by individual data subjects

Requests by individual data subjects for images relating to themselves "Subject Access Request" should be submitted in writing.

In order to locate the images on the Good Shepherd Trust central office system, sufficient detail must be provided by the data subject in order to allow the relevant images to be located and the data subject to be identified.

Where the Good Shepherd Trust central office is unable to comply with a Subject Access Request without disclosing the personal data of another individual who is identified or identifiable from that information, it is not obliged to comply with the request unless satisfied that the individual has provided their express consent to the disclosure, or if it is reasonable, having regard to the circumstances, to comply without the consent of the individual. Any decision to withhold the requested images must be referred to the Group's Data Protection Officer or his team as there are specific rules that must be adhered to when applying the exemptions contained in the Data Protection Act 2018.

9.2. Access to and disclosure of images to third parties

A request for images made by a third party should be made in writing.

In limited circumstances it may be appropriate to disclose images to a third party, such as when disclosure is required by law, in relation to the prevention or detection of crime or in other circumstances where an exemption applies under relevant legislation.

All unexpected requests for CCTV images by a third parties, including requests made by the police, should be referred to the Data Protection Officer or their team, who will advise on the application of any appropriate exemptions.

Where a suspicion of misconduct arises and at the formal request of the Investigating Officer or HR Manager/ Business Partner, the Head may provide access to CCTV images for use in staff disciplinary cases.

The Head of Estates may provide access to CCTV images to Investigating Officers when sought as evidence in relation to staff discipline cases.

A record of any disclosure made under this policy will be held on the CCTV management system, itemising the date, time, camera, requestor, authoriser, and reason for the disclosure.

10. Retention of images

Unless required for evidential purposes, the investigation of an offence or as required by law, CCTV images will be retained for no longer than 30 days (this does not include school holidays or weekends) from the date of recording. Images will be automatically overwritten after this point.

The automatic deletion of data after the defined retention period should be checked on a termly basis. This should be logged on a termly basis.

Where an image is required to be held in excess of the retention period, the Head of Estates or their nominated deputy will be responsible for authorising such a request. A record of these stored images will be kept within the CCTV viewing log.

Images held in excess of their retention period will be reviewed on a three-monthly basis and any not required for evidential purposes will be deleted. The CCTV monitoring log will provide evidence of the images which have been held and where they are kept. When deleted this should be recorded in the CCTV monitoring log.

Access to retained CCTV images is restricted to the Head and other persons as required and as authorised by the Head of Estates.

11. Complaints procedure

Complaints concerning the Good Shepherd Trust central office use of its CCTV system or the disclosure of CCTV images should be made in writing to the Head of Estates at the Good Shepherd Trust, Larch Building, Larch Avenue, Guildford, Surrey GU1 1JY. Any complaint will be handled in accordance with the trust's complaints policy.

All appeals against the decision of the Head of Estates should be made in writing to GST.

12. Monitoring Compliance

All staff involved in the operation of the Good Shepherd Trust central office CCTV System will be made aware of this policy and will only be authorised to use the CCTV System in a way that is consistent with the purposes and procedures contained therein.

All staff with responsibility for accessing, recording, disclosing or otherwise processing CCTV images will be required to have undertaken their GDPR training.
